

# Listening First™ Headset

## Model 2800RD-USB

CALIFONE® INTERNATIONAL LLC. | THE SOUNDS OF EDUCATION | 800-722-0500 | CALIFONE.COM

This engaging Listening First stereo headset is purpose built for digital learning with young students.

It's smaller fitting headband and earcups are ideal for beginning readers. The Listening First design makes the technology more comfortable so it disappears and the students can focus on the lesson. This red Listening First headset is ideal for 1:1 or small group learning, language-based assessments, for library uses, gaming, AR & VR settings, and in computer labs.

The volume setting and microphone functions are accessible from the inline controls.

*Its audio playback is calibrated to enhance the tonal range of the human voice, which is critical for language learning.*

**Compatible with Chromebooks, Surface, laptops, desktops, & MACS. [Click to read more.](#)**

**3-Year Commercial Warranty**

[Covers use in schools, which is considered to be a commercial / industrial application. Warranties on headphones made for consumer uses are voided when used in schools. Click to read more.](#)

### Features

1. Recessed wiring for safety
2. Fully adjustable headstrap, yet specifically sized for young students. It and the earcups are made with rugged ABS plastic for safety & to resist breakage in high-use areas
3. Noise-reducing circumaural earcups lower external noise so volume needn't as high, for hearing safety
4. Reinforced entry point of the cord into the earcup
5. USB plug, with inline volume, mic on/off/mute controls
6. 5.5' straight cord long enough to avoid accidental pull out
7. Slotted baffles prevent speaker access from prying fingers or foreign objects for safety
8. Noise canceling mic less likely to pick up nearby sounds
9. Replaceable leatherette ear cushions
