OF EDUCATION

Lightweight Personal Multimedia Stereo Headset with To Go™ Plug

Model 3065AVT

This stereo headset is so light and comfy students might forget they even have it on! Ideal for podcasting, mobile and distance learning, it can also be used for language learning applications, computer labs, gaming and with presentation software. The 3065AVT is compatible with iOS, Windows and Android-based smartphones & tablets for mobile learning applications as well as assessments. When used for only listening, the flexible boom mic can be folded up alongside the headband out of the way.

1. Fully adjustable headband fits all students
2. Recessed wiring resists prying fingers
3. Comfortable lightweight ear cushions
4. Permanently attached 3' straight cord with reinforced connection resists accidental pull out for classroom safety
5. 3.5mm To Go plug connects with tablets, smartphones
6. Unidirectional electret mic on flexible gooseneck microphone
 - Lightweight design for comfort
 - Warranty for school use - unlike headsets from consumer electronics stores whose warranties would be voided if used in schools
