OF EDUCATION

10-Position Stereo Jackbox for Tablets, Computers & Media Players

Model JB310

The key to listening centers is the jackbox, the distribution point to the headphones. Califone gives more attention to this stereo jackbox with silver-plated contact points for a solid connection and moisture resistance, individual volume controls, rugged ABS plastic housing for durability, 1/4" and 3.5mm plugs.

1. Ten listening positions, each 3.5mm jack with individual volume control
2. Rugged ABS plastic casing for durability and school safety
3. Permanently attached 6' cord with 1/4" and 3.5mm plugs connects with tablets, computers and other audio sources
4. Silver-plated contacts help prevent "crackling" sound heard with other jackboxes when connecting
5. Skid-resistant pads at each corner won't mar or scrape surface
6. Two predrilled holes to permanently affix jackbox
7. 3.5mm plug to daisy chain another jackbox for added listeners
 - Ideal for differentiated learners, listening centers, literacy groups, ELD/ ELL and Special Education applications, call center training and language labs
