Part of the Assistive Listening System (WS-series), this expandable 10-person package is tailored for tour groups and meetings which are led by a guide or docent. With up to a 300’ transmission range from the guide to the listeners*, the Tour Group package delivers maximum flexibility.

The unique functionality of the WS-series also enables it to be used in houses of worship, for business functions, translation activities, and other settings where mobile audio assistance is needed.

- Warranty for school use - unlike items purchased at a consumer electronics store whose warranties would be voided if used in schools
